RECEIVER'S TENTH QUARTERLY STATUS REPORT

For the period January 1, 2021 to March 31, 2021

Civil No. 2:18-cv-00892-TC

Honorable Tena Campbell

Magistrate Judge Dustin Pead

Jonathan O. Hafen, the Court-Appointed Receiver for the assets of Rust Rare Coin Inc., Gaylen Dean Rust, Denise Gunderson Rust, Joshua Rust, Aleesha Rust Franklin, R Legacy Racing Inc., R Legacy Entertainment LLC, and R Legacy Investments LLC (collectively, "Receivership Defendants"), hereby submits this Tenth Quarterly Status Report for the period of January 1, 2021 through March 31, 2021, pursuant to Section XIII, paragraph 53 of this Court's Order Appointing Receiver and Staying Litigation, dated November 27, 2018 (the "Appointment Order"). *See* Dkt. No. 54.

As instructed by the Court, this Report addresses:

I. A summary of the operations of the Receiver, including significant developments during the quarter.

II. A summary of the current financial condition of the Receivership.

III. A summary of the receipts and disbursements of the Receivership.

IV. A description of known Receivership property, including approximate valuations and anticipated dispositions.

V. A description of liquidated and unliquidated claims of the Receivership, including the need for forensic and investigatory resources, approximate values of those claims, and anticipated methods of enforcing such claims.

VI. A list of known creditors of the Receivership.

VII. The status of creditor claims proceedings.

VIII. The Receiver's recommendations for continuation of the Receivership.

I. SUMMARY OF OPERATIONS OF THE RECEIVER, INCLUDING SIGNIFICANT DEVELOPMENTS DURING THE QUARTER

A. General Developments

1. **Claims Analysis.** This quarter, the Receiver and his team continued to make progress on their review, analysis, and verification of the claim forms submitted by potential claimants of the Receivership Estate. At the end of the quarter, there have been approximately

623 claim forms submitted to the Estate, and the total amount of self-reported losses identified by such claimants is approximately $171 million. The Receiver and his team continue to diligently analyze the submitted claims and have coordinated with the Court to ensure that the review process is both thorough and efficient. The Receiver and his team review each claim to determine the accuracy of the dollar amount asserted, as well as the basis and priority of the claim. At this time, the Receiver and his team have reviewed all claim forms submitted by potential claimants, including investors.

2. **Claw Back Actions.** As previously reported, **t**he Receiver and his team filed 30 separate claw back actions against approximately 124 different investors to ensure that the Receiver preserved his right to recover proceeds from potential net winners after the November 15, 2019 filing deadline. In addition, the Receiver made a significant effort to minimize the number of filings by coordinating the execution of over 170 tolling agreements with various potential net winners. As discussed in more detail below,[1] the Receiver continues to work closely with investors and their counsel to secure a favorable resolution of such actions.

B. Liquidation of Real Property

1. **Layton Property**. As discussed in more detail below,[2] the Receiver entered into a settlement agreement with Denise Rust, which was approved by the Court, under which the Receiver took title to the home that she and her former husband lived in, along with the adjoining property and certain water rights. *See Dkt. No*. 387. The Receiver's real estate broker has listed the property at $1,950,000, and is actively marketing the same. The Receiver expects to have the

[1] *See* Section V.
[2] *See* Section V.

property under contract at or above the listing price in the next 30 days. The Receiver will seek Court approval for the sale of such property.

2. **Timeshare Membership.** Gaylen and Denise Rust own a timeshare membership with Wyndham by WorldMark that the Receiver is currently in the process of attempting to liquidate, which has been difficult due to restrictions on the sale of the asset and unpaid balances. The Receiver continues in his efforts to determine the most effective way to liquidate this interest. Any proposed sale of this interest will be subject to Court approval.

C. Liquidation of Personal Property.

1. **Sale of Alaska Business Property Inventory.** As previously reported, the Receiver entered into an agreement with Aleesha Rust Franklin in July 2019 wherein she agreed to purchase certain health and wellness inventory related to her business in Homer, Alaska. Under that agreement, Ms. Franklin is required to make ongoing payments to the Receiver for such inventory over 24 months, as a percentage of sales from retained inventory. To date, she has paid $11,975.56 of her total $55,000 obligation to the Receivership Estate for such inventory.

D. Recovery and Sale of Other Receivership Property

2. **Intellectual Property.** The Receiver continues to analyze the feasibility and cost effectiveness of a sale of the Huge Studios, Torque Entertainment, and YourLDSMusicStore intellectual property. The Receiver anticipates that the sale and/or auction of these intangible assets will likely require significant analysis and cost to the Estate given the interrelated nature of Huge Studios, Torque Entertainment, Writer's Den, and YourLDSMusicStore. The Receiver has had difficulty finding a buyer who is willing to pay an amount sufficient to justify the cost of analyzing the assets.

3. **Angler's Roost.** Gaylen Rust owned a 9.49% interest in Angler's Roost, LLP, a 15-acre campground and RV park in Hamilton, Montana which is listed for sale by its owners. As previously reported, an offer to purchase Angler's Roost was terminated by the buyers. This quarter, however, the Receiver accepted a new offer to purchase Angler's Roost. Pending the results of the due diligence, it is anticipated that the sale of Angler's Roost will be consummated next quarter. The Receiver will seek Court approval before finalizing any sale of the Receivership's interest in Angler's Roost.

4. **Money at Zions Bank.** As previously reported to the Court, several transfers involving the Receivership Defendants' bank accounts took place in the 24 hours immediately preceding the Receiver's appointment. One of these transfers took place with Zions Bank in the amount of $1.6 million. Zions Bank maintained possession of the transfer until it received permission from the Court to return the money to the Receivership Estate. Although the Court previously ruled that Zions Bank should return the $1.6 million to the Receivership, Zions Bank did not do so. After some additional hearings, the Court ordered Zions Bank to turn over the $1.6 million, which is anticipated to occur in the near future. (*See* Dkt. No. 407).

5. **Investor Communications.** The Receiver continues to post updates to the Receivership's website (rustrarecoinreceiver.com) when filings are made with the Court. The Receiver has also distributed by email copies of all filings and notices to the approximately 800 individuals listed on the Receiver's master mailing matrix. The Receiver also continues to communicate with investors about objections and proposed actions. The Receiver has also filed all objections on behalf of investors pursuant to the Courts Summary Disposition Procedures.

6. **Insurance.** The Receiver continues to renew, when necessary, and cancel, when not necessary, insurance policies for the remaining Receivership properties located in Utah. This

has involved monitoring policy statuses and coordinating the payment of all necessary insurance policy premiums so that the Receivership property remains adequately insured. As properties have been liquidated, the Receiver has cancelled the corresponding insurance policies to reduce costs to the Estate.

7. **Tax Issues.** The Receiver continues to work with his accountants at Berkley Research Group ("BRG") to ensure the Receivership's various tax obligations are being met, including the amounts owed in relation to the Receivership's real property and the amounts associated with the business entities still within the scope of the Receivership Estate.

8. **Discovery Productions and Redaction.** The Receiver has reviewed and produced a vast packet of documents including financial statements and investor communications to the Court and in several claw back actions. Currently, over 300,000 documents have been reviewed for production. In addition to the substantial amount of time reviewing thousands of documents for production to the Court and opposing parties, the Receiver has also completed a large-scale redaction of documents. In an effort both to ensure the privacy of hundreds of victims and minor children, while still respecting the rights of pro se litigants, the Receiver has created a set of redacted documents for production to pro se litigants. These documents have been redacted for social security numbers, birth dates and account numbers of investors.

II. SUMMARY OF THE CURRENT FINANCIAL CONDITION OF THE RECEIVERSHIP.

9. The Receiver had sufficient cash during this quarter to cover all expenses of the Receivership Estate and believes that he will continue to have sufficient cash in the Estate to cover all foreseeable expenses. The Receiver is not concerned that the Estate will be unable to cover its ongoing expenses as the Receiver, his counsel, and his accountants at BRG have voluntarily agreed

to this point to refrain from taking any fees until the Estate recovers at least three times the amount of their fees. The Receiver is confident that through the liquidation of assets and claw back recoveries, the Receivership Estate will have sufficient funds to cover all Receivership expenses and make a meaningful return to victims. Through the end of the quarter, the Receiver and his team's efforts have recovered over $15.5 million in net sale proceeds for the Receivership Estate, with total sales well in excess of $16 million. The Receiver will provide a more detailed analysis of potential recoveries in future reports.

III. DESCRIPTION OF RECEIPT AND DISBURSEMENTS.

10. The Receiver continues to collect outstanding accounts receivable for the Receivership Defendants. A schedule of the receipts and disbursements of the Receiver is attached hereto as Exhibit A.

11. As previously reported, the Receiver believes that he has identified most, if not all, of the assets that fall within the scope of the Receivership Estate.

12. At this time, the Receiver has not yet made any disbursements to investors or pre-Receivership creditors of the Receivership Estate. The Court has approved the Receiver's distribution plan, allowing the Receiver to begin making interim disbursements at a later date. *See* Dkt. No. 341. The Receiver is diligently working to resolve several multi-million dollar claims against the Estate, after which the Receiver believes he will be in a position to make an initial distribution to victims later this year.

IV. DESCRIPTION OF ALL PHYSICAL RECEIVERSHIP PROPERTY.

13. Outlined above is a description of the physical Receivership assets known to the Receiver, along with their estimated values. The Receiver is still in the process of determining the

value of various personal property assets in the Receivership Estate, and the value of most of those assets will not be finally determined until they are sold to an arms-length buyer.

V. DESCRIPTION OF LIQUIDATED AND UNLIQUIDATED CLAIMS.

14. As previously reported to the Court, over 80 different investor groups and several hundred individual investors have been identified in this matter.

15. Based on the net winner analyses provided by BRG, the Receiver has identified over $50 million of potential net winner claims which the Receiver is currently working to recover. The number and value of these potential claims are based primarily on the books, records and correspondence of the Receivership Defendants, and are therefore fluid and subject to ongoing investigation and change.

16. As part of the Receiver's recovery efforts, scores of ancillary lawsuits have been filed against potential claw back defendants of the Receivership Estate. In total, these actions include 30 separate claw back filings against approximately 124 different investors. The Receiver and his team continue to either prosecute these claims or settle such claims as favorable agreements are reached by the parties.

17. As set forth above and in prior reports, the Receiver has also made a significant effort to minimize the number of necessary filings by coordinating the execution of over 170 tolling agreements with various investors. Because the determination of whether these investors are net winners often depends on the metal transactions associated with each investor, the Receiver has worked closely with his legal counsel and accountants to determine whether there is adequate support in the books and records of the Receivership Estate to recognize such metal transactions.

18. As part of this analysis, the Receiver and his team have also engaged in ongoing discussions with various potential net winners to determine whether the investors have any

additional documentation to support their metal transactions. Through these discussions, the Receiver has been able to confirm or reject the net winner status of many investors who dealt with the silver investment pool through metal transactions. Given the magnitude of these metal transactions, however, the Receiver expects that this analysis will take significant coordination with investors and his team to resolve all of the potential claw back determinations in this matter.

19. As a result of the Court granting the Receiver's Motion for Settlement Authority (*See* Dkt. No. 271), and the Receiver's ongoing settlement efforts, the Receiver recovered approximately $3,114,715 in claw back negotiations during this last quarter. The Receiver continues to finalize agreements and negotiate with investors and creditors to increase the number of settlement agreements. Currently, the Receiver is in varying phases of final approval for over 22 settlement agreements. These agreements attempt to get the largest return of funds while minimizing administrative burden to the Receivership Estate. The Receiver remains hopeful that many of the fraudulently transferred funds will be recovered without having to incur the cost of formal litigation.

20. **Settlement with Corporation of the President of the Church of Jesus Christ of Latter-Day Saints (the "Church").** The Receivership Defendants and certain of the investors in the silver pool Ponzi scheme (the "Silver Pool") were members of the Church. During the period of time in which the Silver Pool operated, Receivership Defendants and many investors in the Silver Pool made numerous transfers of funds to the Church. The Receiver has investigated these transfers and determined that the vast majority of them were legitimate.

21. The Receiver identified a subset of transfers to the Church that originated from the Silver Pool. In particular, the Receivership Defendants paid tithing and other charitable donations directly from the Silver Pool to the Church on behalf of investors. By definition, charitable

donations are not made in exchange for reasonably equivalent value and are thus subject to avoidance.

22. In addition, the Receivership Defendants gave charitable contributions to the Church on their own behalf, with such contributions totaling over $209,000 and donations from the Receivership Defendants' businesses, RRC, and R Legacy Entertainment totaling $13,320.00.

23. As previously reported, the Receiver entered into a settlement agreement with the Church which was presented to the Court for approval in December 2020 (*See* Dkt. No. 371). This quarter, the settlement agreement was approved by the Court (*See* Dkt. No. 376). As a result of the Receiver's efforts, nearly $2.4 million dollars were brought into the Receivership Estate.

24. **Settlement Agreement with Denise Gunderson Rust ("Ms. Rust").** Ms. Rust was formerly married to Gaylen Rust and acted as his personal assistant for many years during the Silver Pool scheme. Ms. Rust, a named Defendant in this action, has pleaded guilty to a charge of Money Laundering and on or about September 8, 2020, a *Judgment in a Criminal Case* against Ms. Rust was entered in the amount of $1,774,356.93. Considering Ms. Rust's role in the Silver Pool scheme and her current financial situation, the Receiver believes that her retention of any real property that she owns—including her personal residence--would be improper. Thus, the Receiver entered into negotiations with Ms. Rust to help address her restitution issue and return value to the Receivership Estate.

25. The Receiver and Ms. Rust have negotiated a settlement agreement (the "Settlement Agreement"), wherein Ms. Rust has agreed to (1) deliver a special warranty deed to the Receiver transferring title to all real property detailed in the Settlement Agreement, (2) deliver to the Receiver all proceeds currently held from the sale of a tractor and all net rental income collected from her real property, (3) deliver to the Receiver certain non-exempt art work located

on her real property, (4) assign to the Receiver all rights Ms. Rust holds to certain water shares and all related water rights, and (5) transfer to the Receiver any premium refund Ms. Rust may be entitled to receive from the cancellation of the insurance policy on her residence.

26. This quarter, the Court approved the Settlement Agreement (*See* Dkt. No. 387). The Receiver's real estate broker is actively marketing the real property and expects to have it under contract in the next 30 days. The Receiver will seek the Court's approval before selling any of the real property.

27. **The Oberhansly Matter**. Fern Oberhansly made her first investment into the Silver Pool in September 2008. Over the next several years, Ms. Oberhansly invested a total of $2,612,939 into the Silver Pool. At the time of Ms. Oberhansly's death in 2017, her initial investment had grown to over $42 million according to statements provided by Gaylen Rust.

28. Due to the size and growth of Ms. Oberhansly's Silver Pool account, Ms. Oberhansly's heirs faced an estate tax liability of approximately $16.4 million. Ms. Oberhansly's heirs did not have the ability to pay the massive tax bill and thus approached Gaylen to withdraw enough funds from the Silver Pool account to pay the estate taxes. Over the course of one week, Gaylen provided seven transfers to the Oberhansly estate totaling $16.4 million, which was then paid to the IRS to satisfy the estate tax obligation.

29. Because Gaylen did not operate the Silver Pool as Ms. Oberhansly believed, the $42 million in her account did not exist. Accordingly, the Receiver is close to filing an amended tax return seeking a refund of the excess estate taxes paid based on the mistaken belief that when Ms. Oberhansly died, she held an investment in the Silver Pool that was valued at over $42 million. It is the Receiver's understanding that the process of recovering the excess estate taxes from the

IRS could take a considerable amount of time. If successful, the Receiver anticipates recovering well over $10 million from the IRS for the Receivership Estate.

VI. LIST OF KNOWN CREDITORS OF THE RECEIVERSHIP.

30. As previously reported to the Court, the Receiver initiated the claims process which included a claims deadline of October 4, 2019. As a result of this process, the Receiver received approximately 623 claim forms from potential claimants and creditors of the Receivership Estate. An updated list of the first and last names of each of these claimants is attached hereto as Exhibit B.

VII. STATUS OF CREDITOR CLAIMS PROCEEDINGS.

31. The Receiver and his team have continued their efforts this quarter to review and analyze the claim forms submitted by potential Receivership claimants to determine whether such claims should be allowed or denied by the Court. This continues to be an intensive process that requires ongoing coordination between the Receiver's counsel and his accountants. As part of this analysis, the Receiver's team is entering the relevant claim form data into an electronic master matrix to help track the status of each creditor's claim. All claim forms submitted by investors, trade vendors and customers have been reviewed and analyzed.

VIII. RECOMMENDATION TO CONTINUE THE RECEIVERSHIP.

32. The Receiver is still in the process of liquidating real and personal property within the Receivership Estate and continues to work towards recovering a significant amount of funds from various claw back defendants. The Receiver is also still working to review and analyze the claim forms submitted by potential claimants of the Estate who allege significant harm as a result of the Receivership Defendants' actions. The Receiver anticipates that the continuation of the Receivership will generate a significant amount of additional funds that will ultimately be

distributed for the benefit of defrauded investors and other Receivership claimants. Accordingly, the Receiver recommends the continuation of the Receivership.
